INSTANTCHARGER 65W 2 USB

Powerful USB-C and USB-A GaN PD charger

Fast charge USB-C equipped laptops

Need a quick boost of power in the middle of your big project? The powerful, high-speed InstantCharger 65W 2 USB lets you fast-charge laptops equipped with USB-C ports², including the MacBook Air³.

Charge your device in the blink of an eye

Power Delivery 3.0 ensures fast charging for your devices. We're talking recharged up to 50% in 30 minutes for an iPhone 12⁴, 40 minutes for a Samsung Galaxy S21⁴, or 45 minutes for a MacBook Air (2020)⁴. Yes, that fast.

Light and compact as a laptop power adapter

Bulky, heavy chargers be gone. Harnessing the power of GaN (gallium nitride) technology, the InstantCharger 65W 2 USB is the ultimate, lightweight power adapter. Perfect for people who don't want to be weighed down.

Charge two devices simultaneously

The InstantCharger 65W 2 USB is equipped with one USB-A port and one USB-C port⁵. So even if there's only one power outlet available, you don't need to fret about which device gets charged first.

Smart power distribution

You want efficiency? You want optimal charging speeds? The InstantCharger 65W 2 USB delivers. It's smart enough to know how to allocate power, depending on which devices are plugged in.

Swappable travel plugs

Easily switch between US, EU, and UK power plugs for convenience while traveling. Charge your devices without worry, wherever you are in the world.

Eco materials and packaging

This is a more earth-friendly USB charger. With 90% recycled plastics and FSC-certified packaging printed with organic soy ink.

Advanced safety and reliability

The charger provides auto protection against overheating as well as overcurrent/overvoltage conditions and also provides surge protection.

Protection Pouch

Even a charger as useful as this deserves a rest, so it comes with its own protection against dust and damage when it's not in use.
